The corkscrew is the key to unlocking pleasure in a glass. While the corkscrew dates back to 1795, our Corkscrew wines are new & cutting edge, in the fact that we source our wines from some of California's most highly regarded wineries. While we can't legally use their names, we can share their high quality with you. So, grab a corkscrew to indulge in Corkscrew wines.

The 2017 Copper Corkscrew Cabernet Sauvignon represents the true essence of the varietal and source. Cabernet as it should be, Copper Corkscrew showcases a wine with proper tannin, and flavor roundness on the pallet. Hints of peppery spice, black berries and plum add to the wines complexity and intrigue.

A delicious accompaniment to such dishes as Braised Beef Short Ribs, Beef Tenderloin, Asian Lamb, or Arugula salad. Pour a glass and enjoy.
