

CABERNET SAUVIGNON

Our Cabernet Sauvignon gets its rich flavor and smooth texture from aging in our special oak barrels. This wine boasts a vibrant color and complex layers. The California grapes, ripened perfectly under the sunny west coast skies and kissed by ocean breezes, make for a truly delightful experience.

PROFILE

Cabernet Sauvignon delivers spicy notes of black pepper and cocoa following with dark raspberry and ripe black cherry flavors with lightly roasted coffee, ending in a silky, rich and robust mouth-feel.

PAIR

Pair the Cabernet Sauvignon with a big, juicy steak, grilled Italian sausage or meat lover's pizza. Also delicious with braised beef short ribs. It makes a wonderful accompaniment to aged gouda, manchego and pecorino cheeses.
